

REAL ESTATE

BUSINESS AT THE EXCHANGE.

The sub-committee on building laws yesterday held a meeting at the Real Estate Exchange to consider the minutes of the previous meeting, and submitted a report on the proposed bill to the Board of Examiners. Andrew J. Robinson, George W. Van Soden, Thomas J. Murtha and Richard Deever were present. The majority bill re-enacts the high building law of last session. The majority bill does not repeat that law nor does it give force and effect to it. This bill includes a bay window section which the minority omits. The majority bill provides that a representative of the Real Estate Exchange shall be added to the Board of Examiners. The minority does not. The majority bill agrees to disapprove the minority bill, and the minority bill agrees to disapprove the majority bill. The proposed power of arrest of the architect of the American Society of Surveyors is retained by the majority bill, and invalids will find no more difficulty in the South than Palatka and vicinity. Palatka is the starting point for all places of business.
